

**Willdan Engineering: Full/Part-Time Code Enforcement Officer Opportunities
(Former Law Enforcement Officers Encouraged to Apply)**

Job Summary: Willdan Engineering is leading the charge in "Envisioning the Future" of building and safety across California. We currently have openings for full and part-time Code Enforcement professionals in many key regions, including:

- California – Counties of:
 - Santa Cruz
 - Monterey
 - Los Angeles
 - Orange
 - Riverside
 - San Bernadino
 - San Diego
 -and growing.....

We are particularly interested in candidates with a law enforcement background, as your experience and skills are invaluable in conducting field investigations and ensuring compliance with City/County codes, ordinances, and state regulations. You will play a critical role in maintaining community standards and enhancing public safety.

Key Responsibilities May Include:

- Conduct comprehensive field investigations into potential code violations.
- Enforce City/County codes, zoning regulations, property maintenance standards, health and sanitation codes, and vending enforcement.
- Document findings accurately and prepare detailed reports for review and action.
- Utilize effective communication skills to educate and guide stakeholders on compliance issues.
- Collaborate closely with city officials, residents, and businesses to resolve compliance matters promptly and efficiently.

Job Requirements:

- **Education and Certification:** POST Certificate or PC 832 Certification.
- **Experience:** Law enforcement experience, with at least 1 year in a municipal setting.
- **Skills:** Excellent oral and written communication skills essential for report writing and stakeholder interactions.
- **Availability:** Flexible schedule, including days, evenings, weekends, and holidays.

Compensation:

- **Pay:** \$30.00 - \$45.00 per hour, depending on location and experience.

Why Former Law Enforcement Officers Are Ideal Candidates: Former law enforcement officers possess a profound understanding and expertise in investigative techniques, legal compliance, and community engagement. Your extensive background positions you

uniquely to uphold and enforce regulations, address compliance challenges, and ensure a safe and compliant environment throughout our operational areas in California.

Please apply even if your region is not listed in this announcement, as new assignments are frequently becoming available. If you would like more information, please submit your resume to Kerry Simpson at ksimpson@willdan.com or call (916) 471-8365.

Join Willdan Engineering and apply your expertise to revolutionize building and safety standards, fostering sustainable and vibrant communities across the state. As a national leader in energy, engineering, and software consulting services, Willdan has been at the forefront of municipal and infrastructure engineering since 1964. Our comprehensive services encompass building and safety, code enforcement, fire review and inspection, public works, public financing, planning, and construction management. We empower engineers, facility owners, municipalities, and utilities to achieve their long-term objectives, driving the transition to clean energy and a sustainable future.
